MISSION WORSHIP HELD LAST NIGHT

SERVICES CONDUCTED BY REV. MENZEL IN THE PRESBYTERIAN CHURCH

Last night Rev. Menzel, Lutheran clergyman at Gardnerville, conducted a missionary worship at the Presbyterian church. The speaker in discussing the topic, "Two essentials of our wisdom unto salvation," said in part:

"Looking up into the nocturnal sky we behold myriads of stars. They all have a peculiar brightness, but some of them display a brightness which justly deserves our admiration. Thus also every word which we find in the Bible is important and comforting, but there are some which are of special significance and of special comfort to us. The word of God recorded John 3, 14.15 is such a pearl, a gem among other biblical statements: 'As Moses lifted up a serpent in the wilderness, so must the Son of Man be lifted up, that whosoever believeth in Him should not perish, but have everlasting life.' This word of God impresses upon us the two essentials of the only correct wisdom unto salvation that, in the first place, God has prepared our salvation in having His son, Jesus, the Savior, lifted up to the accursed tree of the cross. On the cross Jesus sacrificed His life in order to prepare life everlasting for us. The second essential of our wisdom unto salvation as expressed in John 3 is that through faith in Christ, and through faith alone we appropriate unto us the salvation, earned through the Savior's sacrifice. Let us adore the love of God, our Savior, which is higher than the heavens, deeper than the deepest depths of the sea and wider than the universe."

Rev. Menzel has left this morning (Wednesday) for Goldfield. He will return to Tonopah the beginning of January. All who are interested in Lutheran church work in Tonopah will please communicate with Mr. Wm. J. Drewes.

BASKETBALL GAME MONDAY EVENING

HIGH SCHOOL GIRLS ARE PRACTICING FAITHFULLY FOR THE CONTEST

The girls' basket ball game between the high school first team and the town team will be played Monday evening instead of Friday evening. The high school girls are working hard and practicing faithfully. They are looking forward to a good hard game with the town team and expect to win by a big score. Besides the game between the first team and the town team there will also be a preliminary game between the high school second team and a picked team from the grades. The hour and the place will be announced later. There will be a meeting of the High School Literary society this evening at 8 o'clock sharp. A splendid program has been arranged by the students and all parents or friends who are interested are cordially invited to attend.

ANOTHER COMPANY IS TAKEN UNDER WING

BROKER DAUBE SECURES CONTROL OF THE GOLDEN GATE MINE TO THE WESTWARD

Control of the Golden Gate Mining company yesterday passed to Oscar Daube, a curb broker of New York City, who is understood to act in the interest of the Bethlehem Steel company, or rather its principal owners, the same crowd that has gotten in on Comstock, Phoenix, West End, Tonopah 76, Table Mountain and other properties which lie to the westward of the Tonopah Extension.

This property was incorporated for 2,000,000 shares, but only about 750,000 shares were issued. The principal holders were Tom Murphy, of Goldfield, Wm. Waters, Owey Dougherty, and Frank Walsh, of Tonopah and Mrs. J. L. Brown, of Oakland, who is the wife of the president of the company.

The estate consists of nine claims in the Table Mountain section. A shaft was sunk to a depth of 850 feet and was well timbered. The plant consists of a steam hoist. Work ceased on the property about eight years ago.

BUSINESS CHANGES HANDS

Clinton Sparks and Raymond Robb, two old time Tonopahans and both graduates of the university of Nevada, have purchased the James McLaughlin assay office and will do both assaying and electrical work.

TONOPAH-MILLERS BASKETBALL GAME

BOYS FROM THE MILL TOWN ARE SPEEDY AND SCIENCED IN THE SPORT

On this coming Saturday evening the basket ball fans of Tonopah will enjoy another good spectacle when Tonopah meets the fast quintet from Millers, in their initial game of the season. The boys from the suburban town have been hard at work on an outdoor court, but are confident that they will be able to keep both their heads and their feet on the slippery surface of the Airdome. They have been re-inforced by Goodrich, a former star from Goldfield high school, who will fill the center position for the Millers. Pinkstaff, familiarly known as "Pinky," has been elected captain this season and is playing forward with Heydenfeldt as his running mate. They also have two good guards in the persons of the Rhoda brothers who showed up well on the Tonopah court last season. Taking their line-up from an impersonal standpoint, Millers should give Tonopah the time of their life keeping on the long end of the score. The Tonopah players have all recuperated from their little "go" last Saturday evening with the exception of Prof. Cross, who had the misfortune to strain a ligament in his left leg. This game will not interfere in the least with the Moose dance which will be the usual jitney affair after the game.

WILL GIVE BANQUET DECEMBER EIGHTEENTH

PRESIDENT HENDRICK, GOVERNOR BOYLE AND JUSTICE NORCROSS WILL BE GUESTS

The banquet planned by the University of Nevada alumni association of Tonopah in honor of President Hendrick and his party has been postponed. A wire from Dr. Hendrick this morning expressed his regrets, explaining that press of business would detain Governor Boyle, Chief Justice Norcross and Prof. Cerugham, members of the party. A date was suggested by him, however, and the postponed event will transpire on Saturday evening, December 18th. To this banquet all former students of the university, whether normal or regular, and whether graduate or not, are invited. The alumni association just lately formed with but a score of members, will complete its organization at this time, and receive the proper inspiration to make of it a live body of boosters. Invitations are being sent out so far as it is possible to locate eligibles.

EXTENDING RELIEF WORK

The money that has been raised and the clothing that has been collected, will not be used by the relief committee entirely in relieving distress in Tonopah, but outside districts that have cases of want will also be attended to. This morning Chief Evans left in the county car for a place near Salisbury Wash with a lot of bedding, clothing and provisions for a needy family.

W. D. FORSTER, traffic manager and superintendent of the Tonopah & Goldfield railway, was a passenger for the coast this morning.

AMUSEMENTS

BUTLER THEATER

John Barrymore in side-splitting film adaptation of the renowned farce, "Are You a Mason," will be the attraction at the Butler this evening. This subject was selected as the vehicle for John Barrymore's return to the screen because it represents, more than any other comedy of similar reputation, the type of dramatic humor best adapted to the inimitable talents of this star. In this production Mr. Barrymore surpasses the distinction of his previous triumphs and attains a success that can be described only by the word phenomenal. His amazing powers of humorous facial expression and ludicrous gesture have never been seen to better advantage than in this play, and the feature, aside from the importance derived from the long and successful career of the original play, must be considered one of the greatest film comedies ever produced. The management has been trying to secure this picture for several months, and this is the only open date obtainable for some time to come, which speaks for the great demand and popularity of the picture, which is conceded to be one of the greatest farce-comedy triumphs of the American stage, and everyone who wants to enjoy a real comedy, is urged to be on hand and see this one.

Tomorrow, Vivian Martin in "The Little Dutch Girl," and Pathe Weekly.

TOAST FROM NEVADA PRAISES EXPOSITION

Attorney George A. Bartlett Saturday sent a toast from Nevada to Charles C. Moore, president of the Panama-Pacific exposition at San Francisco. The toast was read during the closing day ceremonies. It follows:

"San Francisco has lighted the highway of the race and entitled herself to universal gratitude for showing the development of the educational, industrial and scientific progress of humanity, but more particularly for the lesson she has taught in splendid courage that rises from the ashes of a great disaster to prove that faith, strength and firm confidence can make a beautiful idea a grand complete realization. The heart of all peoples is with her and she will always be the city loved round the world."
